Part 1 – Annual Budget

1.1 Mayor's Report

1.2 Council Resolutions

On the 27 March 2018 the Council of King Sabata Dalindyebo Local Municipality met in the Council Chambers of King Sabata Dalindyebo Hall to table the draft budget of the municipality for the 2018/2019 MTREF for consultation .

1. The Council of King Sabata Dalindyebo Local Municipality, acting in terms of section 24 of the Municipal Finance Management Act, (Act 56 of 2003) notes the 2018/19 MTREF Budget.
 - 1.1. The annual budget of the municipality for the financial year 2018/2019 and the multi-year and single-year capital appropriations as set out in the following tables:
 - 1.1.1. Budgeted Financial Performance (revenue and expenditure by standard classification) as contained in Table 9 on page 20;
 - 1.1.2. Budgeted Financial Performance (revenue and expenditure by municipal vote) as contained in Table 10 on page 21;
 - 1.1.3. Budgeted Financial Performance (revenue by source and expenditure by type) as contained in Table 11 on page 22; and
 - 1.1.4. Multi-year and single-year capital appropriations by municipal vote and standard classification and associated funding by source as contained in Table 12 on page 23.
 - 1.2. The financial position, cash flow budget, cash-backed reserve/accumulated surplus, and asset management are approved as set out in the following tables:
 - 1.2.1. Budgeted Financial Position as contained in Table 13 on page 24;
 - 1.2.2. Budgeted Cash Flows as contained in Table 14 on page 25;
 - 1.2.3. Cash backed reserves and accumulated surplus reconciliation as contained in Table 15 on page 26;
 - 1.2.4. Asset management as contained in Table 16 on page 27; and
 - 1.2.5. Basic Service Delivery Measurement Table 17 on Page 28
2. The Council of King Sabata Dalindyebo Local Municipality, acting in terms of section 75A of the Local Government: Municipal Systems Act (Act 32 of 2000) notes adopts with effect from 1 July 2018:
 - 2.1. the tariffs for property rates – as set out in Table 3 on page 09
 - 2.2. the tariffs for electricity as set out in Table 4 on page 10
 - 2.3. refuse removal tariffs as set out in Table 5 on page 11

3. The Council of King Sabata Dalindyebo Local Municipality, acting in terms of 75A of the Local Government: Municipal Systems Act (Act 32 of 2000) approves and adopts with effect from 1 July 2018 the tariffs for other services, as set out in Annexures G1 to G21 respectively.
4. To give proper effect to the municipality's annual budget, the Council of King Sabata Dalindyebo Local Municipality approves:
 - 4.1. That cash backing is implemented through the utilisation of a portion of the revenue generated from property rates to ensure that all capital reserves and provisions, unspent long-term loans and unspent conditional grants are cash backed as required in terms of the municipality's funding and reserves policy as prescribed by section 8 of the Municipal Budget and Reporting Regulations.

1.3 Executive Summary

The application of sound financial management principles for the compilation of the Municipality's financial plan is essential and critical to ensure that the Municipality remains financially viable and that municipal services are provided sustainably, economically and equitably to all communities.

The municipality has embarked on implementing a range of revenue collection strategies to optimize the collection of debt owed by consumers. Furthermore, the Municipality has undertaken various customer care initiatives to ensure the municipality truly involves all citizens in the process of ensuring a people lead government.

National Treasury's MFMA Circular No.89, 90 & 91 were used to guide the compilation of the 2018/2019 MTREF.

The main challenges experienced during the compilation of the 2018/2019 MTREF can be summarized as follows:

- The ongoing difficulties in the municipal cash-flows
- The need to re-priorities projects and expenditure within the existing resource envelope given the cash flow realities.
- The increased cost of bulk electricity due to tariff increases from Eskom, which is placing upward pressure on service tariffs to residents.
- Wage increases for municipal staff as well as the need to fill critical vacancies and the placement of staff.
- Budgeting for plant and fleet acquired through finance lease for a period of five years.
- Limited revenue collections
- Slow recovery of debts

BUDGET PRINCIPLES

The following budget principles and guidelines directly informed the compilation of the 2018/2019 MTREF:

- The 2017/2018 Adjustments Budget priorities and targets, as well as the base line allocations contained in that Adjustments Budget were adopted as the upper limits for the new baselines for the 2018/2019 annual budget;
- Increase on tariffs for rates, service and other direct income that should be affordable and should generally not exceed inflation as measured by the CPIX, except where there are price increases in the inputs of services that are beyond the control of the municipality.

In addition, tariffs need to move towards being cost reflective, and should take into account the need to address infrastructure backlogs;

There will be no budget allocated to national and provincial funded projects unless the necessary grants to the municipality are reflected in the national and provincial budget and have been gazette as required by the annual Division of Revenue Act;

BUDGET ASSUMPTIONS

National treasury has as per Circular 91 has indicated that the municipalities must apply the following inflation rates to provide for the 2018/2019 MTREF.

Table 1: Macroeconomic performance and projections, 2016 - 2020					
Fiscal year	2016/17	2017/18	2018/19	2019/20	2020/21
	Actual	Estimate	Forecast		
CPI Inflation	6.30%	5.3%	5.3%	5.4%	5.5%

The following assumptions were used in setting tariffs and determining forecasting the expenditure for the MTREF

1. Property rates and fire brigade fees an increase of 6 % for the current year and r the two outer years respectively.
2. Refuse removal and increase of 7% for the current and the two outer years respectively. Due to inability to recover costs and also attempts to move towards cost recovery let to increases above the inflation rate as the municipality is attempting to at breakeven between sales and costs.
3. Electricity tariff is set to increase by 6.84 % pending approval of increases by NERSA. Eskom has applied for a one year average tariff increase of 19.9 per cent for 2018/19. For municipalities, the different timing of the municipal financial

year means that the increase Eskom has applied for would mean a 7.32 per cent average tariff increase in the 2018/19 municipal financial year. The National Energy Regulator of South Africa recently concluded a process of public hearings on this application, but has yet to publish a decision on the application. Municipalities can monitor www.nersa.org.za for news on the outcome of this process. Application for tariff increase will depend on the outcome of the application for increases on bulk purchases.

4. All other tariffs to be set at the inflation rate. Refer to discussion of tariffs for detailed explanation on individual tariffs on the Operating Revenue Framework Section below.

In view of the aforementioned, the following table is a consolidated overview of the proposed 2018/2019 Medium-term Revenue and Expenditure Framework:

Table 1 Consolidated Overview of the 2018/2019 MTREF

1.4 OPERATING REVENUE FRAMEWORK

For King Sabata Dalindyebo to continue improving the quality of services provided to its citizens it needs to generate the required revenue. This is vital as there is a high rate of employment in the area and high levels of indigence. In these tough economic times strong revenue management is fundamental to the financial sustainability of every municipality. The municipality is faced with development backlogs and poverty.

The municipality's revenue strategy is built around the following key components:

- National Treasury's guidelines and macroeconomic policy;
- Growth in the Municipality and continued economic development;
- Efficient revenue management, which aims to ensure a 95 % collection current debts and 20% on arrear debt for property rates and other key service charges;
- Electricity tariff increases as approved by the National Electricity Regulator of South Africa (NERSA);
- Attempts to achieve a full cost recovery of specific user charges especially in relation to trading services;
- Determining the tariff escalation rate by establishing the revenue requirement of each service;
- Increase ability to extend new services and recover costs;
- The municipality's Indigent Policy and rendering of free basic services; and
- Tariff policies of the Municipality.
- A service provider was appointed by COGTA to review and set tariffs for the municipality. The project is almost complete and these will be made available to management and council upon receipt from the service provider.

Revenue generated from rates and services charges forms a significant percentage of the revenue basket for the Municipality. Rates and service charge revenues are budgeted for

R721.114 million comprise approximately 63% total revenue mix (Excluding Capital Grant income as reflected in operating expenditure table).

- Operating grants and transfers totals R321.4 million in the 2018/2019 financial year.
- With individually insignificant items making up the balance of R85 million

REVISION OF TARIFFS FOR RATES, REFUSE AND OTHER CHARGES

Within this framework the Municipality has undertaken the tariff setting process relating to service charges as follows:

1.4.1 Property Rates

Property rates cover the cost of the provision of general services. Determining the effective property rate tariff is therefore an integral part of the municipality's budgeting process. The property rates tariff will be increased by 6%

The implementation of the new valuation will necessitate the following changes in the municipal rates policy and bylaw to take into account the increase in values:

- The first R15 000 of the market value of a property used for residential purposes is excluded from the rate-able value (Section 17(h) of the MPRA). In addition to this rebate, a further R45 000 reduction on the market value of a property will be granted in terms of the Municipality's own Property Rates Policy.
- 100 per cent rebate will be granted to registered indigents in terms of the Indigent Policy. In this regard the following stipulations are relevant:
 - For physically and mentally disabled persons an application has to be made
 - Owners of rate-able property if the total gross income of the applicant and/or his/her spouse, if any, does not to exceed the amount equal to twice the annual state pension as approved by the National Government for a financial year.

The following conditions should be met:-

- The rate-able property concerned must be occupied only by the applicant and his/her spouse, if any, and by dependents without income;

- The applicant must submit proof of his/her age and identity and, in the case of a physically or mentally handicapped person, proof of certification by a Medical Officer of Health, also proof of the annual income from a social pension;
 - The applicant's account must be paid in full, or if not, an arrangement to pay the debt should be in place; and
 - The property must be categorized as residential.
- o The Municipality may award a 100 per cent grant-in-aid on the assessment rates of rate-able properties of certain classes such as registered welfare organizations, institutions or organizations performing charitable work, sports grounds used for purposes of amateur sport. The owner of such a property must apply to the Chief Financial Officer in the prescribed format for such a grant.

Table 3 Comparison of proposed property rates to be levied for the 2018/2019 financial year

ESTIMATES OF INCOME AND EXPENDITURE- TARIFFS				
AS FROM 01 JULY 2018				
	2017/2018		2018/2019	
PROPERTY PRATES AND LEVIES				
Proposed increment 2015/16				
General Rate				
Domestic (cents in a Rand)	0.69535	Cents in a Rand		Cents in a Rand
Business/ Commercial (cents in a Rand)	1.39071	Cents in a Rand	1.47415	Cents in a Rand
Government/ Parastatals (State Owned) (cents in a Rand)	2.08606	Cents in a Rand	2.21123	Cents in a Rand
Agricultural (cents in a Rand)	0.17507	Cents in a Rand	0.18557	Cents in a Rand
PSI (cents in a Rand)	0.17507	Cents in a Rand	0.18557	Cents in a Rand
Public Benefit Organisation	0.17507	Cents in a Rand	0.18557	Cents in a Rand
Parking Development Rate (cents in a Rand)	0.21489	Cents in a Rand	0.22779	Cents in a Rand
Fire Levy				
Domestic - Per annum	351.72		372.81806	
Business/ Commercial Per Annum	633.11		671.10129	

The recommended increase in property rates is set at 6 % in line with the NT guidelines.

1.4.2 Sale of Electricity and Impact of Tariff Increases

Electricity tariff is set to increase by 6.84% pending approval of increases by NERSA. Eskom has applied for a one year average tariff increase of 19.9 per cent for 2018/19. For municipalities, the different timing of the municipal financial year means that the increase Eskom has applied for would mean a 7.32 per cent average tariff increase in

the 2018/19 municipal financial year. The National Energy Regulator of South Africa recently concluded a process of public hearings on this application, but has yet to publish a decision on the application. Municipalities can monitor www.nersa.org.za for news on the outcome of this process. Application for tariff increase will depend on the outcome of the application for increases on bulk purchases.

The following table shows the impact of the proposed increases in electricity tariffs:

TABLE 4 COMPARISON BETWEEN CURRENT ELECTRICITY CHARGES AND INCREASES.

ITEM NO.		2017/2018	2018/2019
1	ELECTRICITY TARIFFS		
	Domestic Tariffs		
1	Tariff 1	141.00	150.87
1.1	Domestic prepayment	115.00	123.05
2	COMMERCIAL CONVENTIONAL		
2.1	Basic Charge/ month	366.26	391.90
	Energy Charge	166.73	178.40
3	COMMERCIAL PREPAYMENT		
	Energy charge/ kwh

	Big (Tariff 4)	200.10	214.10
	INDUSTRIAL LOW		
4	≤ 100 KVA		
	Basic Charge/ month	1242.00	1328.94
	Energy Charge/ Kwh	86.93	93.01
	Demand Charge/ KVA	264.08	282.57
			0.00
	INDUSTRIAL HIGH		0.00
	> 100 KVA		0.00
	Basic Charge/ month	1088.29	1164.47
	Energy Charge/ Kwh	62.13	66.48
	Demand Charge/ KVA	264.15	282.64

1.4.3 Solid Waste Removal and Impact of Tariff Increases

Currently solid waste removal is operating at a deficit. It is recommended that the municipality work towards recouping the costs associated with the rendering of this service and as such tariffs should be cost driven. It is widely accepted that the rendering of this service should at least break even, which is currently not the case.

The Municipality will have to implement a solid waste strategy to ensure that this service can be rendered in a sustainable manner over the medium to long-term. The main contributors to this deficit are hiring costs, increases in general expenditure and the cost of remuneration. Considering the deficit, it is recommended that a comprehensive investigation into the cost structure of solid waste function be undertaken, and that this include investigating alternative service delivery models. The outcomes of this investigation will be incorporated into the next planning cycle.

A 7 per cent increase in the waste removal tariff is proposed from 1 July 2018. Higher increases will not be viable in 2018/2019 owing to the significant increases implemented in previous financial years as well as the overall impact of higher than inflation increases of other services.

The following table compares current and proposed amounts payable from 1 July 2018:

Table. 5 Comparison between current waste removal fees and increases

ESTIMATES OF INCOME AND EXPENDITURE- TARIFFS			
AS FROM 01 JULY 2018			
		2017/2018	2018/2019
3.0	SOLID WASTE : Proposed increment 6.4%		
	Refuse Removal : Full Level of Service		
	Annual Charges		
3.1.1	Domestic (2 bags or bins once per week)	2354.14	2518.93

4.10.3	Material suitable to be used for cover	free	
4.11	Disposal Charges to Mthatha & Mqanduli Site: Not Weighed		
4.11.1	Small vehicle up to 1 tonne load capacity	51.23	54.82
4.11.2	3 - 4 tonne vehicle	204.93	219.27
4.11.3	5 - 8 tonne vehicle	284.62	304.54
4.12	Garden Waste		
4.12.1	Clean Greens per tonne	22.77	24.36
4.12.2	Any other green material including tree trunks per tonne	37.57	40.20
4.13	Permits		
4.13.1	Domestic Solid Waste Handling Permit per vehicle per annum	569.24	609.09

1.4.4 Other direct income

The tariff increase on direct income is budgeted for at 6% in line with the recommendations per circulars

1.5 Operating Expenditure Framework

The Municipality's expenditure framework for the 2018/2019 budget and MTREF is informed by the following:

- Balanced budget constraint (operating expenditure should not exceed operating revenue) unless there are existing uncommitted cash-backed reserves to fund any deficit. Funding of the budget over the medium-term as informed by Section 18 and 19 of the MFMA. Operational gains and efficiencies will be directed to funding the capital budget and other core services; and strict adherence to the principle of *no project plan no budget*. If there is no business plan no funding allocation can be made.

The following table is a summary of the 2018/2019 budget and MTREF (classified per main type of operating expenditure):

Table 6 Summary of operating expenditure by standard classification item

1.5.1. Employee related costs.

The Salary and Wage Collective Agreement for the period 01 July 2015 to 31 June 2018 has come to an end. The process is under consultation; therefore, in the absence of other information from the South African Local Government Bargaining Council communication will be provided at a later stage.

The budgeted allocation for employee related costs for the 2018/2019 financial year totals R442.9 million after an increase of 4.7 % and 5.9% of the adjusted budget. The budget is 39.5% of the total operating expenditure and 39.2% of the revenue excluding capital grant income.

1.5.2. Remuneration of councilors

Municipalities are advised to budget for the actual costs approved in accordance with the Government Gazette on the Remuneration of Public Office Bearers Act: Determination of Upper Limits of Salaries, Allowances and Benefits of different members of municipal councils published annually between December and January by the Department of Cooperative Governance. Any overpayment to councilors contrary to the upper limits as published by the Minister of Cooperative Governance and Traditional Affairs will be irregular expenditure in terms of section 167 of the MFMA and must be recovered from the councilor(s) concerned.

The cost associated with the remuneration of councilors is determined by the Minister of Co-operative Governance and Traditional Affairs in accordance with the Remuneration of Public Office Bearers Act, 1998 (Act 20 of 1998). The budget for this expenditure is set at R26 million as directed above . This represents 2.3 % of the total operating revenue budget excluding capital operating grant income.

Employee related costs including remuneration of councilors is 41% of the total operating budget

1.5.3. Debt impairment

The provision of debt impairment was determined based on an annual historical costs and changes in accounting statements. The assumption is that the implementation of the debt collection strategy might yield good results. The budget for the debt impairment is R29.5 million.

1.5.4. Depreciation and impairment of assets.

Provision for depreciation and asset impairment has been informed by the Municipality's Asset Management Policy. Depreciation is widely considered a proxy for the measurement of the rate asset consumption. The budget for the 2017/2018 financial year is at R78 million after considering the recommendations of the treasury that this be on cash basis to provide for the replacement of assets. The figure is reduced by half from prior year as it was funded by non-cash items in the prior periods.

1.5.5. Finance Charges

Interest on external loans is budgeted for at R29.9 million after taking into account loans outstanding at the period of the adjustment budget and new loan acquired for the purchase of plant and fleet.

1.5.6. Electricity bulk purchases

Bulk purchases are directly informed by increase awarded to ESKOM. As at the finalization of the draft budget a decision was still to be made as to what percentage the increase would be. The increase has been set at 7.32 percent this might changed depending on the outcomes of the ESKOM application.

1.5.7. Other materials

This is a new standard item in terms of mSCOA , the budget for the item is set at R6 million.

1.5.8. Contracted Services

Contracted services is budgeted at R57 million. The items includes services provided by external parties such as repairs and maintenance, catering, training and a number of other smaller items.

1.5.9. Other general expenditure

Other expenditure comprises of various line items relating to the daily operations of the municipality. Budgets relating to non-core functions of the municipality has been reduced to ensure that the municipality complies to circulars on cost cutting measures. This is done to cut none core expenditure and to focus on service delivery and other core functions of the municipality. The budget id set at R147 million for general expenditure. Included in the other expenditure are the following line items

Repairs and Maintenance

During the compilation of the 2018/2019 MTREF operational repairs and maintenance was identified as a strategic imperative owing to the aging of the Municipality's infrastructure and historic deferred maintenance and budget for this line item is set at R75 million including salaries to the staff of R41 million and materials and equipment of R34 million

The norm is 8% and 40% of the PPE and Capital Budget respectively however the municipality due to cash flow challenges has not managed to meet the norms.

General expenses other

General expenditure is budgeted for at R89.4 million

1.5.9 Free Basic Services: Basic Social Services Package

The social package assists households that are poor or face other circumstances that limit their ability to pay for services. To receive these free services the households are required to register in terms of the Municipality's Indigent Policy.

The cost of the social package of the registered indigent households is largely financed by national government through the local government equitable share received in terms of the annual Division of Revenue Act.

The budget for the current year is R24 million to cater for free basic electricity, alternative energy and subsidy for rates and other services.

1.6 Capital expenditure

For 2018/19 an amount of R294 millions of which R290.2 million is funded by grants and R3.9 million is funded by own income. Refer to table below:

Table 7 2018/19 Medium-term capital budget per vote

References

1. Must reconcile with Budgeted Cash Flows
2. For example: VAT, taxation
3. Council approval for policy required - include sufficient working capital (e.g. allowing for a % of current debtors > 90 days as uncollectable)
4. For example: sinking fund requirements for borrowing
5. Council approval required for each reserve created and basis of cash backing of reserves

Part 2 – Supporting Documentation

2.1. Overview of the annual budget process

Section 53 of the MFMA requires the Mayor of the municipality to provide general political guidance in the budget process and the setting of priorities that must guide the preparation of the budget. In addition Chapter 2 of the Municipal Budget and Reporting Regulations states that the Mayor of the municipality must establish a Budget Steering Committee to provide technical assistance to the Mayor in discharging the responsibilities set out in section 53 of the Act.

The Budget Steering Committee consists of the Municipal Manager and senior officials of the municipality meeting under the chairpersonship of the MMC for Finance.

The primary aims of the Budget Steering Committee is to ensure:

- that the process followed to compile the budget complies with legislation and good budget practices;
- that there is proper alignment between the policy and service delivery priorities set out in the Municipality's IDP and the budget, taking into account the need to protect the financial sustainability of municipality;
- that the municipality's revenue and tariff setting strategies ensure that the cash resources needed to deliver services are available; and
- that the various spending priorities of the different municipal departments are properly evaluated and prioritised in the allocation of resources.

2.1.1. Budget Process Overview

In terms of section 21 of the MFMA the Mayor is required to table in Council ten months before the start of the new financial year .e. in August a time schedule that sets out the process to revise the IDP and prepare the budget.

The Mayor tabled in Council the required the IDP and budget process plan on the time schedule in August 2017. Key dates applicable to the process were:

1 INTRODUCTION AND LEGISLATIVE BACKGROUND

1.1 Introduction

- The Integrated Development Plan (IDP) and Budget Formulation process is a means through which the municipalities to prepare their strategic development plans for a five-year period. The five year plans are reviewed annually to allow for possible changing environment. IDP is one of the key instruments for local government to cope with its new developmental role. It facilitates decision-making on issues such as municipal budgets, land use planning and management, promotion of local economic development and institutional transformation in a consultative, systematic and strategic manner. In essence, The IDP is for planning, budgeting, management and decision making.
- In order to ensure certain minimum quality standards of the IDP and Budget review process, and proper coordination between, and within spheres of government, municipalities need to prepare IDP Review and Budget Formulation Process Plan (Process Plan). **The Process Plans must include the following:**
 - A programme specifying the time-frames for the different planning steps; - justify
 - Appropriate mechanisms, processes and procedures for consultation and participation of local communities, organs of state, traditional authorities and other role players in the IDP review and budget formulation processes;
 - Cost estimates for the review process; and
 - Take into cognisance that one ward has been added to KSD Local Municipality to make thirty-six (36) wards instead of thirty-five (35).
- The Process Plan must also be set out in writing, and requires the adoption by Council. It is critical for the council that the previous annual performance report be presented to the communities as part of the IDP Review process.

1.2 Legislative Background

The Municipal Systems Act, No 32 of 2000 (MSA) and the Municipal Finance Management Act, No 56 of 2003 (MFMA) regulate the preparation of the IDP and budget processes. As a legislative requirement, the IDP supersedes all other plans that guide development at local level. The MSA and MFMA confer the responsibility to provide political guidance over the IDP and Budget Formulation process on the Mayor.

In Chapter 5 Section 25 (1) of the MSA provides that, each municipal council must, within a prescribed period after the start of its elected term, adopt a single, all inclusive and strategic plan for the development of the municipality which-

- Links integrates and coordinates plans and takes into account proposals for the development of the municipality;
- Aligns the resources and capacity of the municipality with the implementation of the plan;
- Complies with the provisions of this Chapter; and
- Is compatible with national and provincial development plans and planning requirements binding on the municipality in terms of legislation.

With respect to the core components of the IDP, chapter 5, section 26 of the MSA provides that an IDP must reflect-

- The municipal council's vision for the long term development of the municipality with special emphasis on the municipality's most critical development and internal transformation needs An assessment of the existing level of development in the municipality, which must include an identification of communities which do not have access to basic municipal services;
- The council's development priorities and objectives for its elected term, including its local economic development aims and its internal transformation needs;
- The council's development strategies which must be aligned with any national and provincial sectoral plans and planning requirements binding on the municipality in terms of legislation;
- A spatial development framework which must include the provision of basic guidelines for land use management system for the municipality;
- The council's operational strategies;
- Applicable disaster management plans;
- A financial plan, which must include a budget projection for at least the next three years; and

The key performance indicators and performance targets determined in terms of section 41.

In Section 27, the MSA stipulates further that-

Each district municipality, within a prescribed period after the start of its elected terms, and after following a consultative process with the local municipalities within its area, must adopt a framework for integrated development planning in the area as a whole;

A framework referred to in above binds both the district municipality and the local municipalities in the area of the district municipalities;

The framework must ensure proper consultation, co-ordination and alignment of the IDP Process of the district municipality and the various local municipalities

Section 28 of the MSA stipulate as follows:-

Section 28 of the Municipal Systems Act stipulates that

- (1) each municipal council, within a prescribed period after the start of its elected term, must adopt a process set out in writing to guide the planning, draft, adoption and review of its integrated development plan.

IDP, Budget and PMS Process Plan for the period ending 30 June 2018

- (2) The municipality must through appropriate mechanisms, processes and procedure established in terms of chapter 4, consult the local community before adopting the process.
- (3) A municipality must give notice to the local community of particulars of the process it intends to follow.

The Municipal Systems Act, No 32 of 2000 (MSA) and the Municipal Finance Management Act, No 56 of 2003 (MFMA) regulate the preparation of the IDP and budget processes. As a legislative requirement, the IDP supersedes all other plans that guide development at local level. The MSA and MFMA confer the responsibility to provide political guidance over the IDP and Budget Formulation process on the Mayor.

In section 34, the MSA provides that a municipal council:

Must review its IDP annually in accordance with an assessment of its performance measurements, and to the extent that changing circumstances so demand; and
May amend its integrated development plan in accordance with a prescribed process.

1.3 Alignment between IDP, Budget and PMS

In terms of the Municipal Systems Act, municipalities are required to prepare organisational performance management system (OPMS) that is linked to the IDP.

KSD is currently has no OPMS which needs to be incorporated into this IDP.

The Process Plan will also include the preparation and drafting of OPMS.

The PMS process will address the following issues:

- Alignment of the PMS, Budget and IDP processes;
 - Implementation of individual performance management system at managerial level.
- The IDP, OPMS and budget are all components of one overall development planning and management system. The IDP sets out what the municipality aims to accomplish, and how it will do this. The PMS enables the municipality to check the extent to which it is achieving its aims. The budget provides the resources that the municipality will use to achieve its aims.

1.4 The Purpose of the IDP Process Plan

KSD needs to plan, direct and manage its capacity, and resources to support the successful implementation of its integrated development planning, and the budget formulation processes. The reality of limited capacity and resources in KSD demands innovation and the need for greater cooperation between various spheres of government. The KSD Process Plan is therefore intended to describe how the municipality will prepare and implement the integrated development planning and budgeting process. To the extent that the process plan has a bearing on resources allocation, it therefore has implications for both the current, as well as future IDP.

The Process Plan is therefore meant to ensure proper management of the planning process through the following:

Setting the scene to manage the planning process and legal requirements in planning for the implementation of the integrated planning system;

A programme specifying time schedule that guide IDP and budget planning processes and various planning steps;

Outlining appropriate mechanisms, processes and procedures on how the public, stakeholders, state organs can participate in the drafting of the IDP and formulation of the budget structures that will be used to ensure this participation
 Indicate necessary organisational arrangements to ensure the successful implementation of the integrated development planning process;
 Binding plans and planning requirements, i.e. policy and legislation;
 Mechanisms and procedures for vertical and horizontal alignment;
 A programme specifying how the processes will be monitored in order to manage the progress of the IDP and budget processes.

1.5 The IDP Review and Annual budget

The Annual Budget and the IDP are inextricably linked to one another, and has been formalised through the promulgation of the MFMA. In Chapter 4 and Section 21 (1) of the MFMA directs that, the Mayor of a municipality must, at least 10 months before the start of the budget year, table in the municipal council a time schedule outlining key deadlines for:

- The preparation, tabling and approval of the annual budget;
- The annual review of the IDP in terms of section 34 of the MSA, and the budget related policies;
- The tabling and adoption of any amendments to the IDP and the budget-related policies; and
- The consultative processes forming part of the processes referred to in above.

This document therefore considers or constitutes the Process Plan of the IDP Review 2016/17 and Budget formulation for the KSD Local Municipality. It essentially fulfils the function of both a business, and operational plan for the IDP and Budget Formulation processes. It presents, in a simple and transparent manner, what should happen when, by whom, with whom and where during the process of formulating an IDP for the KSD Local Municipality.

2 IDP DEVELOPMENT PROCESS

2.1 Framework Underpinning the IDP Process Plan

In addition to the legislative imperatives, the Ten Priorities of the 2009-2014 Medium Term Strategic Framework (MTSF) as well as the “Ten Point Plan for Local Government” which were presented to Cabinet at the January 2010 Lekgotla will inform the IDP Review and Budget Formulation processes. The Ten Point Plan seeks to reinforce and support the implementation of the Local Government Turn-Around Strategies (LGTAS).

The Ten Point Plan comprises the following ten Local Government Outcomes:

- Improve the quantity and quality of municipal basic services to the people in the areas of access to water, sanitation, electricity, waste management, roads and disaster management;

- Enhance the municipal contribution to job creation and sustainable livelihoods through LED. Ensure the development and adoption of reliable and credible IDP's;
- Deepen democracy through a refined Ward Committee model;
- Build and strengthen the administrative, institutional and financial capabilities of municipalities;
- Create a single window of coordination for support, monitoring and in municipalities;
- Uproot fraud, corruption, nepotism and all forms of maladministration affecting local government;
- Develop a coherent and cohesive system of governance and more equitable intergovernmental fiscal system; and
- Develop and strengthen a politically and administratively stable system of municipalities. Restore the institutional integrity of municipalities.

2.2 Binding Legislation & Plans

PLANNING FRAMEWORK	IMPLICATIONS FOR IDP/ ALIGNMENT ISSUES
National Spatial Development Perspective	<p>Potential index for OR Tambo indicates that the following spatial development categories are applicable</p> <ul style="list-style-type: none"> • Agriculture (spread throughout the District) • Tourism (mainly concentrated in the wild coast areas) • Innovation and experimentation (untapped resource potential) • Public service and administration
Provincial Growth and Development Plan	<ul style="list-style-type: none"> • The systematic eradication of poverty • Transformation of Agrarian Reform • Developing and diversifying our manufacturing and tourism sector • Building human resource capabilities • Infrastructure including eradication of backlogs and the development of enabling infrastructure for economic growth and development • Public sector and institutional transformation
Medium Term Strategy Framework	<ul style="list-style-type: none"> • Consider MTSF priorities when developing strategies and priority programmes • 10 priorities which government work must be centred around • 12 Outcomes through which government performance will be monitored
Municipal Turn Around Strategy	District and Local Municipalities to integrate the targets and municipal action plans identified in the MTAS to IDP and hence Service Delivery Budget & Implementation Plan (SDBIP)
District Programme of	District and Local Municipalities to integrate the targets set DPOA and align their implementation targets to those agreed upon

Action	
IDP credibility Framework	Consider inputs and recommendations made during the IDP engagement sessions
MECs comments	<ul style="list-style-type: none"> Consider recommendations made by the MEC – through the IDP analysis process All municipalities attend to the issues highlighted in the IDP analysis report
5 Year LG Strategic Agenda 2006-2011	<ul style="list-style-type: none"> Programme identification, analysis, planning and prioritization according to the 5KPAs
District Growth and development Plan Summit agreements	<ul style="list-style-type: none"> Consider commitments and targets agreed upon by stakeholders in the DGDS agreements Incorporate these in prioritization and development of implementation plans
KSD 2030 Vision (Master-plan)	<ul style="list-style-type: none"> Incorporate and align strategies, programmes and projects contained in the Master-plan into the IDP

2.3 Addressing Comments on the Current IDP Review

The review will incorporate responses to the comments received from the MEC for Local Government and Traditional Affairs (CoGTA), as well as the IDP and Budget Hearings for the 2016/17 IDP. Remarks by the Auditor General will also receive priority attention under the list of key issues for the 2016/17.

2.4 Key Activities to Accomplish Outputs

The following is a summary of the key activities to be undertaken as part of the IDP review and budget formulation process.

2.4.1 *Incorporation of Inputs from other Role Players*

In developing the IDP for the remaining term of the current Council, the Municipality needs to assess the extent of impact that the IDP implementation has had on the achievement of development priorities. This includes reviewing the projects and programme since 2006, including those initiated, or sponsored by different role-players within and outside of the municipal area.

2.4.2 *Review of Progress with Lessons for the Future*

The starting point in understanding the current developmental situation is the review of the relevance, or fit of the strategies employed to achieve the set goals. Secondly, extent of implementation with regard to projects, programmes and services against IDP plans for the previous years must be determined. The bulk of this information will be sourced from secondary data (including previous annual reports).

The review of the organisational performance for the 2016/17 financial year will also provide an opportunity to review progress for the purposes of the IDP review. This process requires the integration of the annual report preparation, as well as service audit processes. In addition to raw data, it is suggested a mechanism should be created which would allow the various directorates to provide remarks on lessons learned, and the implications such have for the future IDPs and budgets. The expected output of the above processes will be a comprehensive report on the state of development within the municipal area, as well as the organisational performance and service delivery audit which should be tabled for Council adoption.

2.4.3 Core elements of the IDP preparation

The core elements of the IDP preparation correspond to the core functions of the municipalities as outlined in the MSA and other legislations. The core components of the IDP include:

- The municipal council's vision for the long term development of the municipality with special emphasis on the municipality's most critical development and internal transformation needs;
- An assessment of the existing level of development in the municipality, which must include the identification of communities which do not have access to basic municipal services; The council's development priorities and objectives for its elected term, including its local economic development aims and its internal transformation needs;
- The council's development strategies which must be aligned with any national or provincial sectoral plans and planning requirements binding on the municipality in terms of legislation;
- A spatial development framework which must include the provision of basic guidelines for a land use management system for the municipality;
- The council's operational strategies;
- Applicable disaster management plans;
- A financial plan, which must include a budget projection for at least the next three years; and
- The key performance indicators and performance targets determined in terms of section 41 of Municipal Systems Act.

2.4.4 Inclusion of New Information Where Necessary

Where necessary, the IDP and Budget must incorporate new areas that were left in the previous reviews. Among others, these may include:

- Alignment of the IDP with newly completed KSD policies and plans;
- Review of the strategic plan and municipal scorecard component of the IDP;
- The on-going alignment of the KSD Performance Management System (PMS), in terms of Chapter 6 of the MSA, with the IDP;
- The update of the Financial Plan, the list of projects (both internal and external), and the capital investment framework;
- Incorporate final Ward Projects in term of Medium Term Revenue and Expenditure Framework (MTREF); and
- The updating of the Ward Needs Register

3. HORIZONTAL AND VERTICAL ALIGNMENT

3.1 OR Tambo District Municipality Framework Plan

In terms of Chapter 5 and Section 26 of the MSA, districts are required to prepare and adopt a Framework Plan, which indicates how the district and Local Municipalities will align their IDPs. The Framework Plan provides the linkage and binding relationships to be established between the district and local municipalities in the district and in doing so, proper consultation, coordination and alignment of the review process of the district municipality and various local municipalities can be maintained.

KSD municipality has developed a **Process Plan** which is informed by the Framework Plan of the District municipality in order to ensure alignment between the IDP of KSD Municipality and the District. The alignment between the two IDPs is especially important because of the ORTDM's role as a Water and Sanitation Authority (WSA).

3.2 Alignment with Plans of other Municipal Stakeholders & Inter-municipal relations

Alignment with stakeholders is essential in order that both the ORTDM and KSD's priorities are reflected in their project prioritisation process, and reflective of IDP projects. It is proposed that a special IDP and Budget Alignment Workshop should be convened specifically for the purposes of effecting the alignment of the different stakeholders' programmes. The Mayoral Committee and the Executive Management Committee should ideally lead the proposed workshop. The Executive should through the Intergovernmental Relations as underpinned in the Intergovernmental Relations convene meetings with the neighbouring municipalities to share identical challenges or achievements and successes.

3.3 Intergovernmental Relations

In terms of Intergovernmental Relations No 13 of 2005, KSD Municipality has established an IGR Forum and it was launched by the Executive Mayor. The IGR is surely seat four times a year.

3.3.1 Objectives of the KSD IGR Forum

The main objective of the KSD IGR Forum is to enhance integrated development and consider priorities for the entire municipality. Additional objectives include the following:

- Development of a Local Programme of Action in relation to the National, Provincial and District programmes,
- To facilitate the coordination and integration of provincial and municipal strategic planning and to put in place mechanisms and procedures that will ensure that both the district and provincial strategic planning inform and are informed by the IDP of the KSD LM,
- To consult on policy issues that materially affects Local Government,
- To develop and provide mechanisms to engage provincial government, the Office of the Premier and DLGTA on IGR related matters and/or challenges,
- To consider such other matters of mutual interest as either party may place on the agenda of a meeting from time to time,

IDP, Budget and PMS Process Plan for the period ending 30 June 2018

- To promote economic growth and development through trade, investment and tourism,
- To share knowledge and expertise in local governance generally or in agreed functional areas,
- The objectives of the KSD LM IGR Forum will be informed by the overarching strategic priorities for the current term of Local Government.

THE GOAL OF THE KSD IGR FORUM IS TO ENSURE THAT THE DECISIONS REACHED ARE IMPLEMENTED BY:

- Sharing of information on and understanding of the respective programmes of all stakeholders,
- A clearer understanding of mutual strategic priorities and how these complement each other, and
- A commitment to collaborate, engage continually and share information on policy implementation, success stories and co-ordinate activities.

3.3.2 Role of KSD Local Municipality IGR Forum

The KSD IGR Forum is a consultative forum for KSD to discuss and consult with stakeholders on matters of mutual interest, including:

- Draft national, provincial and district policies and legislations relating to matters affecting local government interests in KSD Local Municipality;

The implementation of national, provincial and district policies and legislations with respect to such matters in KSD Local Municipality. The Provincial MuniMEC and the Premier's Coordinating Forum affecting KSD Local Municipality. It will also be of

Mutual support in terms of the section 88 of Local Government Municipal structures Act 117 of 1998.

IN SUMMARY

- The provision of services in KSD LM as well as the performance of the KSD Local Municipality in the provision of services in order to detect failures and to initiate supportive, preventive or corrective action when necessary;
- Coherent planning and development in KSD Local Municipality. and
- The coordination and alignment of the strategic and performance plans and priorities, objectives and strategies between the KSD Local Municipality, District Municipality and the Province; and any other matters of strategic importance which affects the interests of KSD LM.

3 ESTABLISHMENT PROCESS

The Executive Committee, or Executive Mayor, or Committee of appointed Councillors should, in consultation and with support of the Municipal Manager:

- Define terms of reference for the IDP manager and steering committee
- Ensure that IDP manager is taking into consideration the importance of the IDP;
- Assign responsibilities to the municipal manager regarding the drafting of the IDP;
- Identify and nominate suitable candidates for the IDP steering committee ensuring that all relevant issues (e.g. LED, Spatial, Housing, Finance, etc.) have at least one responsible Senior Official; and
- Include portfolio councillors where applicable

If there is no IDP Manager, the Municipal Manager must decide on:

IDP, Budget and PMS Process Plan for the period ending 30 June 2018

- Powers and functions to be delegated
- Responsibility remaining with municipal manager/ accountability and
- Reporting mechanisms.

IDP Steering committee will if deemed necessary to:

- Establish subcommittees and decide on relationship/reporting mechanisms and
- Appoint the secretariat.

3.1 Roles and Responsibilities of the Executive Mayor

In terms of section 30 of the Municipal Systems Act, 2000, the executive committee or executive mayor of a municipality or, if the municipality does not have an executive committee or executive mayor, a committee of appointed councillors, must:

- Manage the drafting of the IDP;
- Assign responsibilities in this regard to the municipal manager; and
- Submit the draft plan to the municipal council for adoption.

These are structures already established and required by the Structures Act. The committee of councillors appointed by the municipal council (in the plenary type) in terms of Section 30 of the Systems Act is a specific structure established for purposes of the IDP. It is recommended that the responsibility for managing the drafting of the IDP be assigned to the Municipal Manager or IDP manager on his behalf.

3.2 The Role of the Municipality

- Prepare, decide on and adopt a **process plan**
- Undertake the overall management and co-ordination of the planning process, which includes ensuring that:
 - All relevant stakeholders are appropriately involved;
 - Appropriate mechanisms and procedures for public consultation and participation are applied
 - The planning events are undertaken in accordance with the set time
 - The planning process is related to the key development priorities in the municipality; and
 - National and provincial sector planning requirements are satisfied.
- Adopt and approve the IDP;
- Amend the IDP in accordance with the requirements of the MEC for Local Government;
- Ensure that the annual operational business plans and budget are linked to and based on the IDP;

3.3 The Role of the Municipal Manager

IDP, Budget and PMS Process Plan for the period ending 30 June 2018

The Municipal Manager or IDP Manager on his behalf, is the responsible person for championing the IDP process. The selection of the appropriate person is crucial for the success of Integrated Development Planning and has to be done as the first step towards preparing the **Process Plan**, since the IDP manager is also the responsible person for designing the **Process Plan**.

The IDP Manager should be a dedicated person that has the required experience and authority to involve all relevant role players, and will have the following responsibilities:

- The preparation of the process plan,
- The day to day management of the planning process in terms of time resources and people, and ensuring:
 - The involvement of all relevant role players, especially officials;
 - That the time frames are being adhered to;
 - That the planning process is horizontally and vertically aligned and complies with National and Provincial requirements
 - That conditions for participation are provided and
 - That outcome is being documented.
- Chairing the steering committee
- Management of consultants

3.4 IDP, Budget and PMS Technical Committee **Chaired by:**

General Manager: Mayor's Office/ IDP Manager / (CFO where applicable)

Secretariat:-

IDP Unit

3.4.1 Composition

- Director: Rural & Economic Development
- Chief Financial Officer
- Director: Infrastructure
- Director Human Settlement
- Director: Corporate Services
- Director: Community Services
- Director: Public (Community) Safety
- General Managers and Middle Management
- Appointed Professional team

3.5 Roles and responsibilities of the IDP, Budget and PMS Technical Committee

As the persons in charge for implementing IDP's, the technical/ sector officers must be fully involved in the planning process to:-

- Provide methodological assistance on the development of IDP Process Plan
- Manage and monitor the IDP, Budget and PMS from development of IDP, Budget and PMS Process plan until the final approval of IDP, Budget and PMS
- Provide relevant technical, sector and financial information for analysis for determining priority issues.

- Contribute technical expertise in the consideration and finalisation of strategies and identification of projects.
- Provide departmental operational and capital budgetary information.
- Be responsible for the preparation of project proposals, the integration of projects and sector programmes.
- Be responsible for preparing amendments to the draft IDP for submission to the municipal council for approval and the MEC for local government.

3.6 IDP Steering Committee

A steering committee for K.S.D. Municipality in order master the integration and ensure horizontal and vertical alignment has to be formally established and composed as follows:-

Chaired by:

The Municipal Manager: Mr. M. Zenzile

Secretariat:-

Appointed professional team/ IDP Unit (where applicable)

3.6.1 Composition

a) Heads of Departments (KSD Municipality)

- Director: Rural & Economic Development
- Chief Financial Officer
- Director: Infrastructure
- Director Human Settlement
- Director: Corporate Services
- Director: Community Services
- Director: Public (Community) Safety
- General Managers
- Middle Managers
- Senior Officers

b) Other senior officials (permanent on ad hoc basis): KSD Municipality

General Managers and Middle Management

c) IDP Manager

d) Government departments

- Senior Managers from National and Provincial Departments, OR Tambo District Municipality, sister municipalities and Parastatals

- Sector Specialists (Heads of all sector departments)

3.6.2 The IDP Steering will be responsible for the following:

- Responsible for the establishment of the IDP Representative Forum and defining terms of reference and criteria for members of the IDP representative forum;
- Informing the public about establishment of IDP representative forum and request submission of applications from stakeholders/ community groups indicating Goals, Objectives, Constitution and number of members;
- As the driver of the IDP Process should be attending all Steering Committee and Representative Forum Meetings
- Provide terms of reference for subcommittees and the various planning activities and also provide sector expertise.
- Commission research studies
- Consider comment on:
 - Inputs from subcommittee(s) study teams and consultants; and
 - Inputs from provision sector departments and support , such as, sister Municipalities in and with District Municipality,
- Process, summarise and draft outputs.
- Make recommendations
- Prepare, facilitate and minute meetings. Prepare and submit reports to the IDP representative forum.

The IDP Steering committee may establish subcommittees for specific activities and outputs which may include additional person outside the Steering committee.

An official of the municipality should be appointed to prepare, facilitate and document meeting. The function should be the responsibility of the IDP/ Budget official or similar official.

For the logistics of workshops, dissemination of information and invitations, the responsible official should be supported by Clerk of Council.

3.7 IDP Representative (Rep.) Forum

The IDP Representative forum is the structure which institutionalises and guarantees representative participation in the IDP process. The selection of members to the IDP representative forum has to be based on criteria which ensure geographical and social representation.

3.7.1 The composition of the IDP Representative forum:

- **Chairperson-**

Executive Mayor or a Member of the committee of appointed councillors

- **Secretariat-**

IDP steering committee (Municipal Manager / IDP Manager/ Appointed Professional Team)

- **Members:**

- All Steering Committee Members,
- Members of the executive committee/mayoral committee/committee of appointed councillors,
- Councillors (including councillors who are members of the district council and relevant portfolio councillors)

- Traditional leaders;
- Ward committee secretaries,
- Heads of Department/Senior Officials (internal);
- OR Tambo District Municipality,
- National and Provincial Government departments,
- Organised Business and Labour,
- Stakeholders' representatives of organised groups (NGOs, CBOs, etc.)
- Resource persons; and
- Relevant Community representatives.

3.7.2 The IDP Representative forum Code of Conduct

The code of conduct will at least include the following:-

- Meeting schedule (frequency and attendance);
- Agenda, facilitation and documentation of meeting,
- Purpose of the forum,
- Regular feedback to constituents,
- Required majority for approval,
- Quorum requirements; and
- Resolution of disputes(including Provincial assistance)
- Proposed Co-ordination Process.

The preparation, organisation and facilitation and documentation of meetings and workshops of the IDP Representative Forum may need to be supported by IDP office.

Support providers and Planning Professionals (if necessary)

Support providers and professionals such as consultants, NGO's, and Municipal Planning Officials have the following roles and responsibilities:-

- Providing methodological/technical guidance in terms of the IDP process
- Facilitation of planning workshops
- Special studies or other product relevant contribution
- Support to organised and unorganised groups and communities to more effectively engage in and contribute to the planning process and
- Ensuring that the IDP is aligned with budget and planning requirements of Provincial and National departments.

4 PUBLIC PARTICIPATION AND COMMUNITY

The structure composition and positions may vary between different categories and types of Communities or wards to suit the available human and institutional resources, but the proposed generic arrangement are recommended as a minimum requirement, and are based on the following:-

- Public participation has to be institutionalised to ensure that all residents have an equal; right to participate, in the case of KSD Municipality, these will be run through Ward to Ward IDP/Budget Outreach Programmes and Public hearings or Road shows;
- Structure participation will specify who is to participate on behalf of whom, on which issues, through which organisational mechanisms and to what effect.

In is worth noting that Public participation is not equally relevant and appropriate in each stage of planning, and not all participation procedures are equally suitable for each planning step. To limit participation costs, to avoid participation fatigue, and to optimise the impact of participation, the mechanisms of participation will have to differ from stage to stage.

5 COMMUNITY (WARD) BASED PLANNING

A fundamental and statutory component of the IDP process is community engagement and the public participation. Participation in the integrated development planning process is only one of the several arenas of participatory interaction between local government and citizens.

The municipality strives to improve the participation of stakeholders in the IDP and Budget processes. In this review, the municipality intends to employ a number of innovative measures, which are aimed at enhancing the effectiveness and quality of stakeholder participation. Pursuant to this endeavour, the municipality has rolled out in earnest, the Community-Based Planning process with the purpose of compiling community ward profile for the whole Municipality.

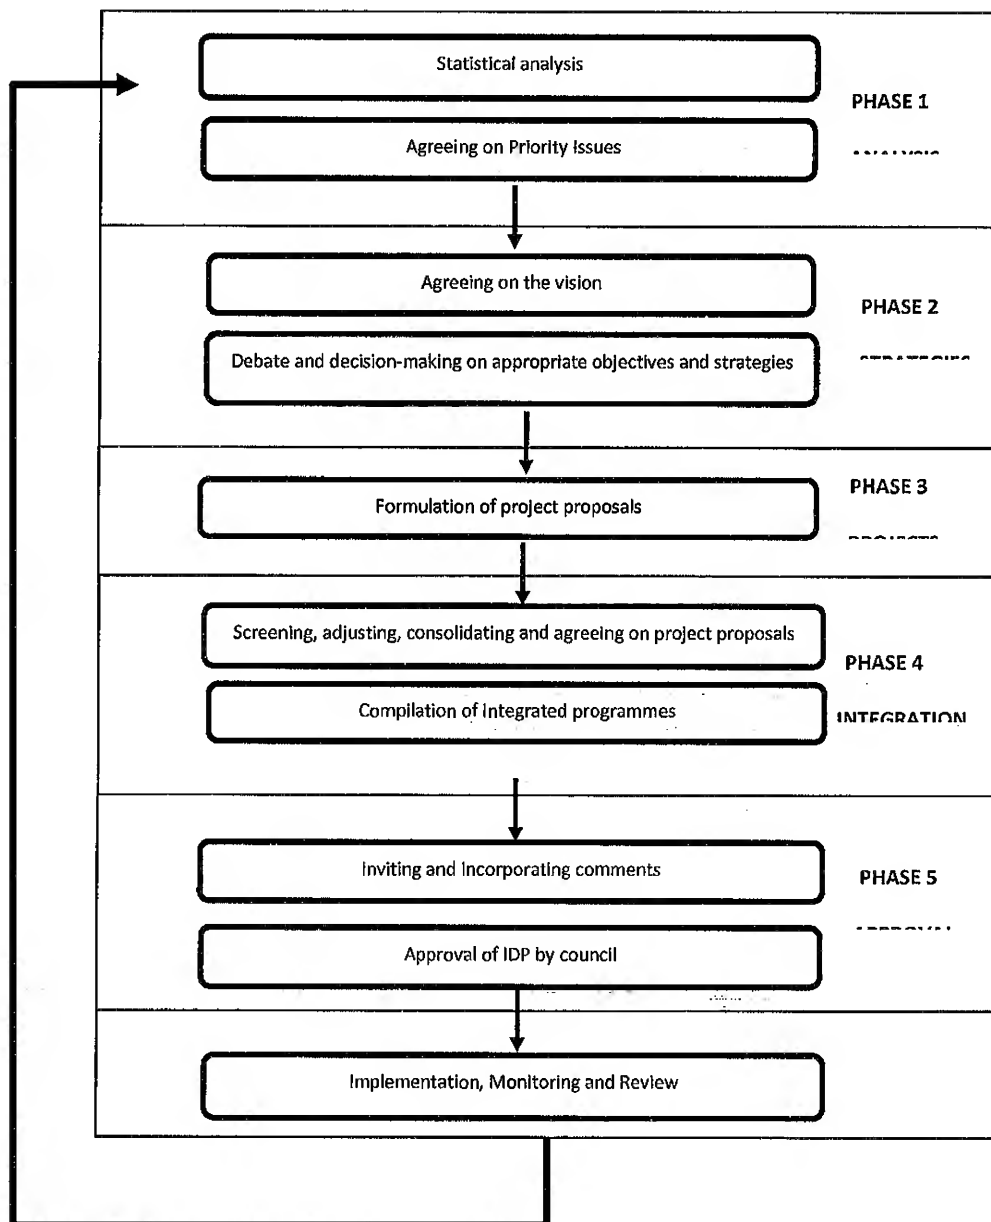

CBP as a form of participation in the development of KSD IDP is seen within the context that it must be people-focused and empowering, led and owned by Ward Councillors and ward committee members, based on vision and strengths of the ward, and should be holistic and promote mutual accountability between elected public representatives, community and municipal administration. Through CBP, communities and stakeholders highlight and/or confirm their development priorities that should be included in the IDP in the form of projects, services and programmes.

KSD Municipality has piloted ward based planning with the aim of developing ward based Plans which will feed onto the IDP. This exercise also assists in the creation of ward data profile. The statistical data of each ward and capturing of key priority issues has been conducted as the basis for Ward Based Plans

KSD Municipality in planning for its wards has conducted a study at ward level in order to get the population number of residents and current situation for each ward. Each ward had to engage its ward committees to assist in data collection, however, some wards could not provide ward committees, particularly at Mqanduli which is composed of the following wards 21,22,23,24,25,26,27,28 and 29 to get data for their respective areas.

In order to get the data from the aforementioned wards, the municipality used its officials being assisted by the Department of Local Government and Traditional Affairs in the Eastern Cape Province.

6 PHASES OF THE IDP

7 INSTITUTIONAL ARRANGEMENTS

The elected council is the ultimate decision – making forum on IDP's. The role of participatory democracy is to inform, negotiate on those decisions in the course of the planning process.

The following positions and structures are recommended and will serve as a guide:

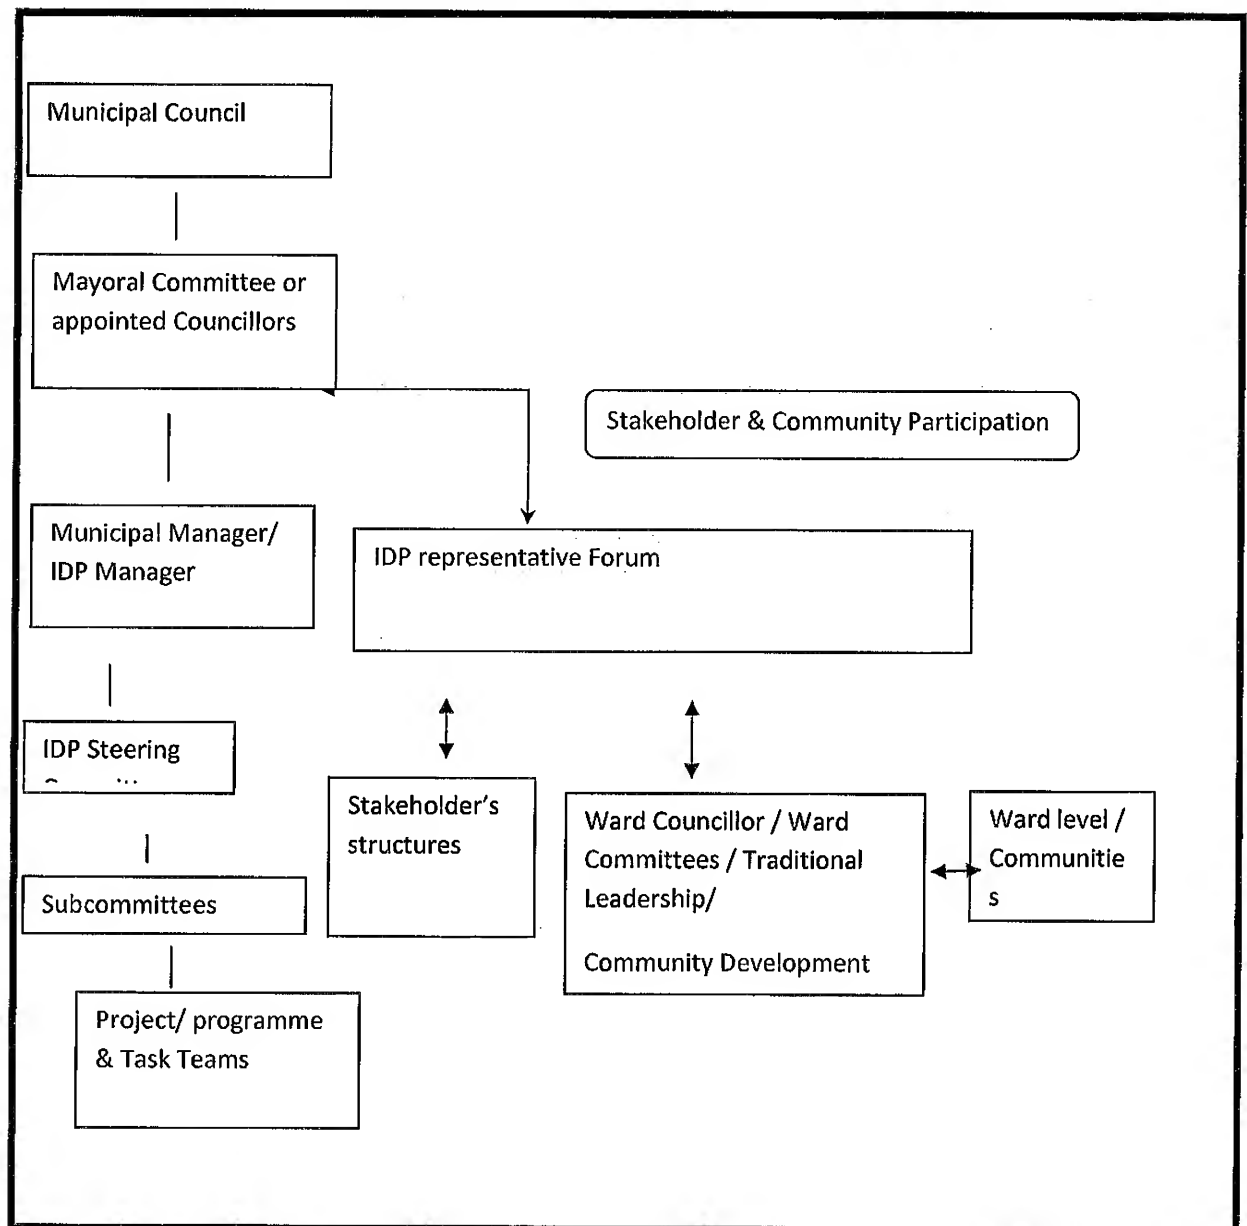

- Municipal manger or IDP Manager,
- IDP, Budget and PMS Technical Committee,
- IDP, Budget and PMS steering committee
- IDP Representative forum,

- Project, Programme and sectoral task teams and
- IDP Working Team |(subcommittees)

The IDP Technical Committee, IDP steering committee and IDP representative forum are structures required throughout the IDP process. The project, programme and sectoral task teams will be small operational teams composed of a number of relevant municipal sector departments and technical officials involved in the management of the implementation and, where appropriate, community stakeholders directly affected by the project and programme.

6.1 Proposed IDP Structure

The following is a proposed IDP, Budget and PMS structure that guide the process:-

7 IDP / BUDGET AND PMS 2017-22 REVIEW

ACTIVITY	DATE	ACTUAL DATE
JULY 2017		
Review of Rollovers to be included in the 2016/17 Budget	01-15 July 2017	
Alignment of draft process plan and draft IDP process framework with O R Tambo district municipality	22-23 July 2017	
Compilation of Budget Evaluation Checklist for 2016/17	29 July 2017	
Develop draft process and timetable for the 2017/18 Budget	21-22 July 2017	
IDP, Budget and PMS Technical Committee/ MANCOM to discuss Draft process plan	25 July 2017	
AUGUST 2017		
IDP /Budget Technical/ Steering Committee – to submit process plan for discussion	19 August 2017	
IDP Representative forum meeting- presentation of draft IDP ,budget and PMS process plan	23 August 2017	
Council consider IDP, Budget and PMS Process Plan 2017-18 for adoption	31 August 2017	
2017/18 Financial Statements submitted to Auditor-General	31 August 2017	

SEPTEMBER 2017 (IDP MONTH)				
		Section 21 of the MFMA 56 of 2003: Budget Preparation Process read with Section 28 (1) of the Municipal Systems Act, 32 of 2000		
Replication of ward based planning to all wards (desktop session-in-house)			03- 07 September 2017	
IDP Awareness Campaign and Budgeting Process		Section 21 of the MFMA 56 of 2003: Budget Preparation Process read with Section 28 (1) of the Municipal Systems Act, 32 of 2000	03-20 September 2017	
REVIEW OF WARD BASED PROFILES			09-28 September 2017	
IDP/Budget Framework Workshop			08 Sept 2017	
Submission of Personnel Request Forms			15 - 30 Sept 2017	
IDP, Budget and PMS Process Plan steering committee-unpack and review situational gap analysis			16 September 2017	

OCTOBER 2017				
HR and Budget collate Personnel Request Forms and analyze results through staff keys book	Section 21 of the MFMA 56 of 2003: Budget Preparation Process	03 – 21 Oct 2017	Director Corporate Services, CFO, GM Budget and Accounting and GM: Human Resources

35.	Ordinary Council Meeting to note SDBIP		28 June 2018	Executive Mayor

7.1 OR Tambo District Municipality IDP, PMS & Budget Schedule of Activities for Alignment

Overview of this IDP process time frame is illustrated in the cycle below. This cycle should be used as a guide through which the process can be better managed by municipalities. The form and content of the IDP document is however subject to the discretion of each municipality. A uniform IDP Table of Contents has been requested and will be developed to be used throughout the District. This will be used as an example and does not discourage other ideas from the municipalities. Each municipality should follow the prescribed IDP process:-

2.4. Comments on the implementation of the process plan

There were some deviations from the key dates set out in the Budget Time Schedule tabled in Council. MFMA deadlines in terms of submission of reports such as midyear assessment and tabling and submission of reports were however not met.

2.5. Municipal manager's quality certificate

I LUVUYO MAKA, Acting Municipal Manager of King Sabata Dalindyebo, hereby certify that the annual budget and supporting documentation have been prepared in accordance with the Municipal Finance Management Act and the regulations made under the Act, and that the annual budget and supporting documents are consistent with the Integrated Development Plan of the municipality.
